Hometown Banking With Your Neighbors & Friends

Community Banking...Where People Come First

April has been designated Community Banking Month. Independent banks nationwide take this time to celebrate their uniqueness and recognize the service they provide to their communities. We are proud of the fact that we have remained an independent community bank for over 100 years and we intend to stay this way.

We would like to thank our employees for going beyond providing financial services, and helping to serve the communities where our customers live and work by generously donating their time and talents to a number of local churches and civic organizations. This helps build complete and lasting relationships...and together we all stand stronger... you, the bank, and our communities.

Coloring Contest

Children between 0-10 can color the picture on the previous page and return it to the bank by Wednesday, April 25th. Winners will receive a \$20 Community Cash certificate. There will be prize drawings in the lobby throughout the month as well as refreshments on Friday, April 13th and 20th.

Modern Banking... the old-fashioned way
Locally owned and operated since 1908
